

## NSWA Projects and Events

### REGISTER for the NSWA AGM!

Our Annual General Meeting will be held on June 28th at the Lodge at Snow Valley in Edmonton.

Hear updates on NSWA's work and projects. Speakers will discuss NSWA's wetland strategy and implementation.

After a BBQ lunch we will explore Whitemud Creek and some of its unique features and biodiversity.

### REGIONAL LAKES STEWARDSHIP PROJECT

NSWA is looking for site applications for its lakeshore restoration project in the North Saskatchewan River watershed. Projects could include planting of native trees and

shrubs. These sites will become educational demonstration sites for the community to learn about natural shorelines. Take a look at the application form for more details.

## SUMMER EVENTS 🧐

We are gearing up for the summer! If your organization or municipality has any events that you would like our staff to attend, let us know! We enjoy connecting with our watershed partners. You can email us at [water@nswa.ab.ca](mailto:water@nswa.ab.ca)

Take a peek at why the **Violet Grove Constructed Floating Wetland Project in Brazeau County** has been shortlisted for an Emerald Award! This innovative and collaborative project uses native wetland plant species to enhance and extend the lifespan of the domestic wastewater lagoon and provides cleaner runoff for streams and rivers.

For more information check out the full infographic:

Constructed Floating Wetland

The finalized [Master Plan for the Strathcona County Regional Park](#) was presented to Strathcona County council in March. The lead architect of the Plan called this a 'profound opportunity'. It will be completed in 3 phases and encompasses two quarter sections of land. The project will involve forest and riparian restoration. Read more about the project [here](#).

The Environmental Law Centre is presenting a series of reports and webinars in relation to the constitutional challenges around environmental management.
