YOU ARE INVITED TO HELP PLANT TREES

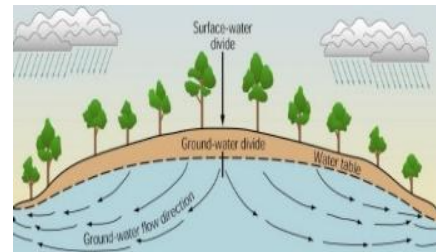

In the UN-designated [Beaver Hills Biosphere \(BHB\)](#)

Tree planting will take place at the divide between the Battle River watershed and North Saskatchewan River watershed.

An Indigenous tree planting ceremony will be held with dignitaries & volunteers to

- Kick-off tree planting in the region for years to come &
- Inaugurate a new watershed committee

GF "Miquelon Watershed Stewardship Committee" (MWSC) **Partnered with:**

Public & organizational representatives will join volunteers and landowners for the tree planting at the watershed divide.

For information or to confirm your attendance, send message to gf@gfoundation.ca

The Global Foundation's "[Miquelon Watershed Stewardship Committee](#)" has adopted a practical focus on 120,000 acres (48,500 hectares) of land where wetlands of global significance prevail within the southern portion of the UN designated [Beaver Hills Biosphere \(BHB\)](#). As a volunteer group it involves landowners and key organisation to focus on the terrestrial aspect of watershed management to achieve indirect enhancement of water quality & quantity in waterbodies & wetlands.
