

About Alberta's Lake Stewardship Community of Practice

WHAT?

A **Lake Stewardship Community of Practice (LSCOP)** is a space to

- Connect lake stewards
- Share knowledge and strategies for community-level action and efforts for local lakes
- Learn new things and ask questions

WHO?

LSCOP is open to anybody interested in lake health and has a passion for understanding natural systems and how we can collaboratively improve their long-term sustainability - no expertise required!

WHEN?

LSCOP meets quarterly, as time and/or resources allow

FEATURED TOPICS

- Community engagement
- Advocating for your lake
- High and low lake water levels
- In lake treatment
- Stewardship challenges + opportunities
